Project Description

The San Francisco Municipal Transportation Agency proposes to (1) reauthorize the Slow Streets designation beyond the COVID-19 emergency for the following approved temporary Slow Streets: Golden Gate, Lake, Sanchez, and Shotwell Slow Streets; and (2) following a community planning, design, and outreach process, the San Francisco Municipal Transportation Agency would determine additional design treatments from the Slow Streets Toolkit to be applied to the Slow Streets. These additional treatments could include the following: Slow Streets-specific delineators/diverters or signs in the roadway; turn restrictions or median delineators/diverters (for example, plastic posts) to prevent vehicles from turning onto a Slow Street or continuing through an intersection of a Slow Street; wayfinding and signage improvements to connect to the citywide bike network; Slow Streets-specific pavement markings with representative icons and the word 'Slow'; pedestrian visibility improvements like continental crosswalks or daylighting (red curbs that prohibit

parking at intersection approaches); and traffic calming devices like speed cushions; all will facilitate safe use of the streets by pedestrians and bicyclists.

Determination

The City and County of San Francisco decided to carry out or approve the project on August 3, 2021, when the San Francisco Municipal Transportation Agency Board of Directors approved the project. This approval constituted the Approval Action pursuant to Chapter 31 of the San Francisco Administrative Code. The project was officially approved on September 3, 2021, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2021-007227ENV.
