Project Title: Use Permit Application No. PLN2022-0003 - FM Ingredients

Lead Agency: Stanislaus County

Contact Name: Emily Basnight, Assistant Planner

Email: basnighte@stancounty.com Phone Number: (209) 525-6330

Project Location: 10924 Hilmar Road, Turlock Stanislaus County
City *County*

Project Description (Proposed actions, location, and/or consequences).

Request to establish an agricultural service establishment on a 39.64t acre parcel in the General Agriculture (-2-40) zoning district. The proposal includes installation of micronutrient mineral batching equipment within and adjacent to an existing 120,000 square-foot agricultural storage building for the purpose of mixing nutrients for incorporation into dairy feed. The facility will be owned, operated by, and serve a small group of dairymen and industry professionals with Stanislaus and surrounding counties for the purpose of decreasing internal costs and to mix mineral blends to serve the needs of each individual dairy. The project site is improved with one single-family dwelling, barn, and a 120,000 square-foot agricultural storage structure. The balance of the property is not currently planted but receives irrigation water from an on-site deep well.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

None identified to date.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Not applicable.

Provide a list of the responsible or trustee agencies for the project.

See distribution list in Early Consultation Form.
