Present Land Use/Zoning/General Plan Designation:

Residential (RD 5) and Parks and Open Space (POS)

Project Description: (please use a separate page if necessary)

SMUD replaces aging electrical infrastructure as part of its routine maintenance and upgrade protocols. Accordingly, SMUD proposes to install approximately 0.6 miles of 12 kilovolt (kV) underground cable, approximately 2.12 miles of 69kV underground cable and up to 13 new utility vaults in the City of Rancho Cordova, near the location of existing 12kV and 69kV underground cables that are approaching the end of their operational lives. Installation of the new cable, conduit and utility vaults would be done by open trenching. Where possible, the new conduit will be installed to align with the existing cable, which would be abandoned in place.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
