# Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations, and Special Operations to the Public by Career Fire Departments

This standard specifies requirements for effective and efficient organization and deployment of fire suppression operations, emergency medical operations, and special operations to the public by career fire departments to protect citizens and the occupational safety and health of fire department employees.

**Please note: This Standard is no longer accepting Public Input due to the Emergency Response and Responder Safety Document Consolidation Plan ([consolidation plan](#)) as approved by the NFPA Standards Council. As part of the consolidation plan, this Standard is slipping cycle and being combined into a new consolidated draft. Once the new draft is available and open for Public Input, this notice will be updated with a link to the applicable document information page.**
