Present Land Use/Zoning/General Plan Designation:

Project Description: *(please use a separate page if necessary)*

The Project would demolish the existing surface parking and cold storage facility uses on the West and South Sites, respectively. The Project also intends to, if feasible, potentially adaptively reuse a portion of a six-story cold storage building on the North Site, while demolishing the remaining warehouse uses. The cold storage building on the North Site is identified by SurveyLA as eligible for local, state, and national historic registers. The Project would include a mix of residential, office, restaurant/retail, and hotel uses within 10 distinct buildings over the three Sites totaling approximately 2,318,534 sf, for a floor area ratio (FAR) of 6.95:1. The Project would include: 1,521 residential units, including affordable housing units, totaling approximately 1,731,849 sf; approximately 411,113 sf of office uses; approximately 101,088 sf of restaurant/retail uses; and, 68 hotel rooms (74,484 sf of hotel floor area). The Project would include approximately 163,325 sf of Code required private open space and approximately 90,113 sf of publicly accessible open space. The proposed buildings would range in height from 2 to 44 stories, with a maximum height of approximately 497 feet. The Project would provide 2,475 vehicle parking spaces within subterranean parking (up to 4 levels) and podium parking.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
