EDUCATION CODE

Section 17620

17620. (a) (1) The governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any construction within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code. This fee, charge, dedication, or other requirement may be applied to construction only as follows:

(A) To new commercial and industrial construction. The chargeable covered and enclosed space of commercial or industrial construction shall not be deemed to include the square footage of any structure existing on the site of that construction as of the date the first building permit is issued for any portion of that construction.

(B) To new residential construction.

(C) (i) Except as otherwise provided in clause (ii), to other residential construction, only if the resulting increase in assessable space exceeds 500 square feet. The calculation of the “resulting increase in assessable space” for this purpose shall reflect any decrease in assessable space in the same residential structure that also results from that construction. Where authorized under this paragraph, the fee, charge, dedication, or other requirement is applicable to the total resulting increase in assessable space.

(ii) This subparagraph does not authorize the imposition of a levy, charge, dedication, or other requirement against residential construction, regardless of the resulting increase in assessable space, if that construction qualifies for the exclusion set forth in subdivision (a) of Section 74.3 of the Revenue and Taxation Code.

(D) To location, installation, or occupancy of manufactured homes and mobilehomes, as defined in Section 17625.

(2) For purposes of this section, “construction” and “assessable space” have the same meanings as defined in Section 65995 of the Government Code.

(3) For purposes of this section and Section 65995 of the Government Code, “construction or reconstruction of school facilities” does not include any item of expenditure for any of the following:

(A) The regular maintenance or routine repair of school buildings and facilities.

(B) The inspection, sampling, analysis, encapsulation, or removal of asbestos-containing materials, except where incidental to school facilities construction or reconstruction for which the expenditure of fees or other consideration collected pursuant to this section is not prohibited.

(C) The purposes of deferred maintenance described in Section 17582.

(4) The appropriate city or county may be authorized, pursuant to contractual agreement with the governing board, to collect and otherwise administer, on behalf of the school district, any fee, charge, dedication, or other requirement levied under this subdivision. In the event of any agreement authorizing a city or county to collect that fee, charge, dedication, or other requirement in any area within the school district, the certification requirement set forth in subdivision (b) or (c), as appropriate, is deemed to be complied with as to any residential construction within that area upon receipt by that city or county of payment of the fee, charge, dedication, or other requirement imposed on that residential construction.

(5) Fees or other consideration collected pursuant to this section may be expended by a school district for the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code, or in preparing the school facilities needs analysis described in Section 65995.6 of the Government Code. In addition, an amount not to exceed, in any fiscal year, 3 percent of the fees collected in that fiscal year pursuant to this section may be retained by the school district, city, or county, as appropriate, for reimbursement of the administrative costs incurred by that entity in collecting the fees. When any city or county is entitled, under an agreement as described in paragraph (4), to compensation in excess of that amount, the payment of that excess compensation shall be made from other revenue sources available to the school district. For purposes of this paragraph, "fees collected in that fiscal year pursuant to this section" does not include any amount in addition to the amounts specified in paragraphs (1) and (2) of subdivision (b) of Section 65995 of the Government Code.

(b) A city or county, whether general law or chartered, or the Office of Statewide Health Planning and Development shall not issue a building permit for any construction absent certification by the appropriate school district that any fee, charge, dedication, or other requirement levied by the governing board of that school district has been complied with, or of the district's determination that the fee, charge, dedication, or other requirement does not apply to the construction. The school district shall issue the certification immediately upon compliance with the fee, charge, dedication, or other requirement.

(c) If, pursuant to subdivision (c) of Section 17621, the governing board specifies that the fee, charge, dedication, or other requirement levied under subdivision (a) is subject to the restriction set forth in subdivision (a) of Section 66007 of the Government Code, the restriction set forth in subdivision (b) of this section does not apply. In that event, however, a city or county, whether general law or chartered, shall not conduct a final inspection or issue a certificate of occupancy, whichever is later, for any residential construction absent certification by the appropriate school district of compliance by that residential construction with any fee, charge, dedication, or other requirement levied by the governing board of that school district pursuant to subdivision (a).

(d) Neither subdivision (b) nor (c) shall apply to a city, county, or the Office of Statewide Health Planning and Development as to any fee, charge, dedication, or other requirement as described in subdivision (a), or as to any increase in that fee,

charge, dedication, or other requirement, except upon the receipt by that city, county, or the Office of Statewide Health Planning and Development of notification of the adoption of, or increase in, the fee or other requirement in accordance with subdivision (c) of Section 17621.

(Amended by Stats. 2010, Ch. 541, Sec. 1. (AB 2048) Effective January 1, 2011.)
