Facts & Figures

General	
About LADWP	LADWP was established in 1902 to deliver water to the City of Los Angeles. Electric distribution began in 1916. A five-member Board of Water and Power Commissioners establishes policy for LADWP. The Board members, as well as the General Manager, are appointed by the Mayor and confirmed by the City Council. Board members are appointed for five-year terms.
Workforce	10,000 employees
Area Served	473 square miles
Population Served	Over 4 million residents Water Customers: 733,900 active service connections
Water System Fiscal Year 2019-20 Budget	Total: \$1.59 billion \$584 million for operations and maintenance \$831 million for capital projects \$176 million for purchased water
Funding Sources	LADWP's operations are financed solely through sales of water and electric services. Capital funds are partially funded through the sale of bonds. No tax support is received.

Water Supply Sources (5-year average) – Fiscal Year (FY) 2015-2019	
L.A. Aqueduct (from Eastern Sierra Nevada)	38%
Purchased water (Metropolitan Water District)	49% (Bay Delta 41%, Colorado River 8%)
Groundwater	11%
Recycled water	2%

Water Use – FY 2018-19	
All customers	105 gallons per day (GPD) per capita
Residential	308,000 acre-feet or 275 million GPD
Commercial/Industrial	144,000 acre-feet or 126 million GPD

Measurement Guide	
Acre Foot (AF)	325,851 gallons

Annual Water Sales – FY 2018-19	
All customers	146 billion gallons
