- Statutory Exemption – State code number:

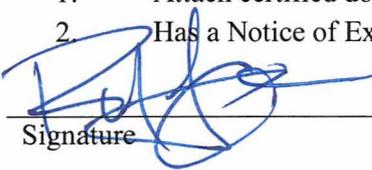

Reasons why project is exempt CEQA provides several “categorical exemptions” which are applicable categories of projects and activities that the Lead Agency has determined generally do not pose a risk of significant impacts on the Environment. Tentative Parcel Map #2021-02 with the division of a 12.92 acre parcel into four (4) parcels and a remainder parcel. Tentative Parcel Map #2021-02 is eligible to be categorically exempt pursuant to Section 15315 Minor Land Divisions of the California Environmental Quality Act Guidelines (Class 15 Minor Land Divisions). Section 15315 exempts tentative parcel maps provided certain criteria are satisfied. The proposed minor land division satisfies all criteria with no exceptions or variances being required on account that the subject property is zoned Highway Commercial (H-C) in which the zoning permits for various commercial uses. The proposed minor subdivision will result in four (4) parcels and a remainder parcel. The parcels will be in conformance with the Los Banos 2030 General Plan, and the Los Banos Municipal Code Title 9, Chapter 3, Article 13. As previously stated, no variances or exceptions are required, all utility services are available to serve the site, the parcel was not involved in the division of a larger parcel within the last two (2) years, and the topography of the parcel is relatively flat and has no slopes greater than 20 percent

For the reasons cited above, the project will not result in a significant environmental impact and qualifies for a Categorical Exemption pursuant to Section 15315 of the California Environmental Quality Act (CEQA) Guidelines.
