

NOTICE OF EXEMPTION

(City CEQA Guidelines)

Submission of this form is optional. The form shall be filed with the County Clerk, 12400 Imperial Highway, Norwalk, CA 90650, pursuant to Public Resources Code Section 21152(b). Pursuant to Public Resources Code Section 21168(d), the filing of this notice starts a 35-day statute of limitations on Court challenges to the approval of the project. Failure to file the notice results in the statute of limitations being extended to 180 days.

LEAD CITY AGENCY AND ADDRESS: Los Angeles Department of Water and Power (LADWP) 111 N. Hope Street, Room 1044 Los Angeles, CA 90012	COUNCIL DISTRICT N/A
---	--------------------------------

PROJECT TITLE Victorville Transmission Lines Erosion Control Project	LOG REFERENCE N/A
--	-----------------------------

PROJECT LOCATION
 The project is located in the City of Victorville. See attached map.

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT:
 The Victorville Transmission Lines Erosion Control Project will involve work to address erosion issues at three transmission line tower locations. The tower locations include Victorville-Century Transmission Line 2 tower 189-5 and Lugo-Victorville Transmission Line 1 towers 6-3 and 6-4. The area in the immediate vicinity of each of these three towers exhibits significant erosion that threatens the structural integrity of the tower foundations. To address this, the erosion area will be excavated and graded, and gabion baskets will be installed to reinforce the area around the tower foundations and prevent future erosion.

EXEMPT STATUS:
 CEQA Guidelines Article 19 Categorical Exemption Section 15301 Existing Facilities – Class 1

JUSTIFICATION FOR PROJECT EXEMPTION:
 In accordance with the California Environmental Quality Act (CEQA), it has been determined that addressing erosion issues in proximity to three transmission line towers is exempt pursuant to the Categorical Exemption described in CEQA Guidelines Section 15301, Class 1, Existing Facilities. Class 1 includes the repair, maintenance, and minor alteration of publicly owned utilities used to provide electric power, and topographical features, involving negligible or no expansion of existing or former use.
