## Traffic Count Comparison

**To:** Wiley Canyon, LLC

**From:** Sandhya Perumalla, ENV SP and  
Daryl Zerfass PE, PTP  
Stantec

**Project/File:** 2042605700

**Date:** February 13, 2023

**Reference: Wiley Canyon Road Area – Traffic Count Comparison**

This memo presents a comparison between traffic counts collected in September 2022 to those previously collected in March 2021 as used in the Wiley Canyon Mixed Use Project traffic study. As shown in Table 1, traffic counts on Wiley Canyon Road and Calgrove Boulevard are generally the same in 2022 as they were in 2021. Traffic counts collected in September 2022 on the nearby neighborhood streets are also shown for informational purposes. The new counts do not affect the analysis or the conclusion of the traffic study.

**Table 1 Traffic Counts Summary**

| S. No | ADT Locations                                 | ADT collected in March 2021 | ADT collected in September 2022 |                 |
|-------|---|-----------------------------|---------------------------------|-----------------|
|       |   |                             | Weekday Average                 | Weekend Average |
| 1     | Wiley Canyon Rd at Project entrance           | 8,700                       | 9,100                           | 7,200           |
| 2     | Wiley Canyon Rd at Canerwell Street           | n/a                         | 8,400                           | 6,700           |
| 3     | Calgrove Blvd, west of Wiley Canyon Rd        | 9,200                       | 8,600                           | 6,900           |
| 4     | Fourl Rd, south of Carland Dr                 | n/a                         | 410                             | 320             |
| 5     | Fourl Rd, south of Fambrough St               | n/a                         | 220                             | 200             |
| 6     | Fambrough St, east of Fourl Rd                | n/a                         | 260                             | 190             |
| 7     | Canerwell St, east of Fourl Rd                | n/a                         | 780                             | 670             |
| 8     | Fambrough St,between Harby Dr and Ebelden Ave | n/a                         | 70                              | 60              |
| 9     | Canerwell St, west of Ebelden Ave             | n/a                         | 120                             | 100             |
| 10    | Ebelden Ave, south of Adamsboro Dr            | n/a                         | 230                             | 150             |
| 11    | Kalmar Ave, south of Adamsboro Dr             | n/a                         | 350                             | 280             |
