Present Land Use/Zoning/General Plan Designation:

Vacant (present land use); MX-D Downtown Mixed-Use (Zoning); Downtown Mixed Use (Land Use Designation)

Project Description: *(please use a separate page if necessary)*

The proposed Project includes a General Plan Amendment (GPA No. 2021-01 A), Rezone (Rezone No. 2021-09), Site Plan Review (SPR No.2020-27), and Conditional Use Permit (CUP No.2021-04) to facilitate the development of an office building in the city of Hanford for Telstar Instruments & Control Systems Integrators. The Project proposes the development of a new 10,000 square feet (sf.) office building and off-street parking lot to occupy two (2) parcels totaling approximately 1.04 acres. The office building will be used for the purchase, sale, and staging of electrical gear for electrical, programing, and construction services. Purchased products are shipped to the office, staged temporarily, and are then taken to the job site. The requested GPA and Rezone would change the land use designation and zone district from Downtown Mixed Use to Service Commercial in order to permit operations pertaining to specialty construction and the CUP requests to provide off-street employee parking which is conditionally permitted in the C-S - Service Commercial zone district. This Project would serve as a relocation and expansion of the current Telstar office located approximately 200 feet southeast of the Project site at 202 S Douty St. Hanford, CA 93230.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
