Subject: RE: Environmental Document Review – SCH # 2022040235 – Due to Lead Agency by 05/11/2022

Kristin –

Good morning. I have a few concerns on this project:

- There is no mention of any improvements to the off/on ramps at Betabel =
- There is no mention of any improvements to US-101, which is only 2 lanes, N/B and S/B, in this Area
- There is a mention of “public service facilities such as fire and police stations” but no mention of who’s responsibility it would be to patrol, accident investigations, etc.
- This project is also using the same freeway infrastructure and on/off ramps as a prior request for review (: PLN210054 Betabel Commercial Development Conditional Use Permit (ca.gov)).
 - The combined additional traffic could adversely impact the freeway traffic and on/off ramp capacity.

Let me know if you have any questions regarding the information above.

Thanks!
Phil

Subject: Environmental Document Review – SCH # 2022040235 – Due to Lead Agency by 05/11/2022

Good afternoon,

Special Projects Section (SPS) recently received the referenced Notice of Environmental Impact document from the State Clearinghouse (SCH) outlined in the following Web site:

[PLN190029 Notice of Preparation of a Environmental Impact Report for the Strada Verde Innovation Park Project \(ca.gov\)](#)

Due to the project's geographical proximity, please use the attached checklist to assess its potential impact to local operations and public safety.

Please feel free to e-mail me if you have any questions.

Thank you,
