DETERMINATION FORM (rev. 04/2021)**

**Project Information**

**Project Name (if applicable):** SAC 5 Slabs

**DIST-CO-RTE:** 03-SAC-5

**PM/PM:** 0.0/4.0

**EA:** 2J930

**Federal-Aid Project Number:** N/A

**Project Description**

The California Department of Transportation (Caltrans) issued a Director's Order to replace failed concrete slabs on Interstate 5, from postmile 0.0 to 4.0, in Sacramento County. Failed concrete slabs were reported on both directions of Interstate 5 after a storm. Damage assessment concluded the slab failure is caused by unsuitable base material, piping of fines, and the storm accelerated the failure. These failed slabs must be replaced as soon as possible to ensure the safety of traveling public and to avoid the full closure of the travel way. This project is needed to avoid failure or threat of failure to the transportation system, which can result in the loss or impairment of life, health, or property.
