Final Environmental Document Withdrawal and Replacement for the Stratford-Lemoore CAPM project Notice of Determination

As the CEQA and NEPA lead agency for the Stratford-Lemoore CAPM project (SCH 2022040547), the California Department of Transportation (Caltrans) requests that the Final Environmental Document accompanying the Notice of Determination submitted to the State Clearinghouse on July 27, 2022, be withdrawn. The Final Environmental Document accompanying this letter and submitted on August 22, 2022 is to replace the previous version of the Final Environmental Document. The changes between these documents are minor and do not impact the validity of the Notice of Determination posted for this project on July 27, 2022.

Therefore, please refer to the file titled "FINAL_OW820_Signed_062122" as the appropriate Final Environmental Document for this project, and consider the file titled "OW820_Signed_062122" as null and void.

Sincerely,

A handwritten signature in purple ink that reads 'Jennifer H Taylor'.

Jennifer H. Taylor
Environmental Office Chief, District 6
California Department of Transportation
