Present Land Use/Zoning/General Plan Designation:

Institutional

Project Description: (please use a separate page if necessary)

CSULB is proposing a comprehensive update of the current campus Master Plan, last updated in 2008, to accommodate enrollment growth, a campus population, and physical development of the campus through the horizon year 2035 (Master Plan Update, proposed project, or project). The Master Plan Update focuses on optimizing the existing physical assets of the campus, enhancing the efficiency of facilities throughout the campus, and evolving the existing buildings and programs to accommodate future university needs. The "project" that is analyzed in the Draft EIR includes specific development projects identified in the Master Plan Update that are expected to be developed in the near-term (2-5 years), mid-term (6-10 years), and long term (11 years or more).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
