**NOTICE IS HEREBY GIVEN** that the Milpitas Unified School District (MUSD) has prepared a Draft Mitigated Negative Declaration (MND) for the **Innovation Campus Project**, which is available beginning on April 25, 2022 for review and comment by the public and all interested persons, agencies, and organizations for a period of 30 days, ending on May 25, 2022. **Project Description:** The MUSD is implementing a project funded by Bond AA funds to redevelop the Samuel Ayers Education Center site. The proposed Innovation Campus will consist of six, two-story modular buildings to support all existing functions currently on site including the District's office, adult school, continuing education (Calaveras Hills) school, and will add a new 500-student comprehensive high school. The purpose of the project is to provide updated facilities to meet the needs of the MUSD.

**Potentially Significant Environmental Effects:** Potentially significant impacts in the following areas are discussed in the Mitigated Negative Declaration: Air Quality, Biological Resources, Cultural Resources, and Tribal Cultural Resources. Each potentially significant effect is reduced to a less-than-significant level through mitigation.

**Public Review and Comment:** Comments on the Draft MND must be received by May 25, 2022. The Draft MND and Initial Study documents will be available for review on the MUSD's Website: <https://www.musd.org/bond-measure-aa-construction-updates.html> .
