

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

County

Project Description (Proposed actions, location, and/or consequences).

The project includes the installation and operation of two electronic billboards. The billboards would rise to a maximum height of 85 feet, however, in no case shall an Electronic Billboard exceed a maximum height of fifty feet as measured from the centerline of the nearest travel lane of Interstate 605 to the top edge of the Electronic Billboard face and not including architectural elements, which may extend up to six feet above the 50-foot height limit. Each billboard would contain two digital signboards, each facing northbound and southbound freeway users. One billboard would contain back-to-back signboards and the other would include a V-shaped structure. Each signboard would be 14 feet in height and 48 feet in width. Each billboard would be mounted on a single pole approximately 5 feet in diameter.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The IS identified no potentially significant impacts resulting from project implementation.

Possible project issues: Aesthetics | Air Quality | Biological Resources | Geology/Soils | Land Use/Planning | Noise | Population/Housing | Public Services | Solid Waste

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
