Project Title: Russ Creek and Centerville Slough Restoration Project Environmental Impact Report

Project Applicant: Humboldt County Resource Conservation District (HCRCD)

Project Location (include county): Humboldt County, area near Centerville Beach and the Eel River

Project Description:

The goal of the Project is to improve geomorphic and ecosystem function that will enhance habitats for native fisheries and aquatic species, support water bird and wildlife species, and increase agricultural land viability and resiliency to changing geomorphological and climatic conditions. The Project would enhance existing tidal wetlands and restore marginal diked pasture land to a mosaic of natural habitats, including estuarine and tidal slough channels, freshwater streams, and agricultural pastures.

This is to advise that the Humboldt County Resource Conservation District has approved the above (Lead Agency or Responsible Agency)

described project on August 10, 2023 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was not adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
