Present Land Use/Zoning/General Plan Designation:

Surface Parking / [T][Q]M1-1 / Limited Industrial

Project Description: (please use a separate page if necessary)

The Project would develop the site with three warehouse/manufacturing buildings with two-story heights not exceeding 37 feet. The three buildings would have floor areas of approximately 49,892 square feet, 31,169 square feet, and 17,553 square feet, for a Project total of approximately 98,614 square feet. The Project's total floor area would include approximately 23,500 square feet for potential office use, 19,000 square feet for manufacturing, and 56,114 square feet for warehouse use. The Project would provide 262 paved parking spaces within the site for employee vehicle use, and a total of 10 truck dock doors would be provided (two at the smallest building and four at each of the other two buildings). The truck dock bays would face the interior of the site, with dock doors and ramps recessed within the footprint of the structures such that loading docks would be shielded from residential uses in the vicinity. The project will retain 32 existing trees and add 143 new trees for a total of 175 trees across the entire project. A total of 10,500 cubic yards of grading is expected from the project.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
