2. What is Orange County Sheriff's Department (OCSD) response time goal (in minutes) for responding to emergency and nonemergency calls in the service area?

The OC Sheriff's Department divides call into levels of priorities. For the purposes of this questionnaire, I would equate "Priority 1" calls as emergency calls and "Priority 2" calls as non-emergency calls. There are also "Priority 3" and "Priority 4" calls, which are also non-emergency calls.

The goal for Priority 1 calls is 5 minutes or less.

The goal for Priority 2 calls is 12 minutes or less.

3. What is OCSD's current average response time (in minutes) for emergency and nonemergency calls?

Yorba Linda Police Services current response times (2021) are:

Priority 1 - 4:59

Priority 2 - 12:55

4. Are there any existing deficiencies (personnel, equipment) in the police protection service currently provided to the City?

I have not identified any at this time.

8. What are the primary sources of funding for OCSD operations and improvements?

The City of Yorba Linda is the primary source of funding. A law enforcement contract is agreed upon and signed by the City and the County each fiscal year with a budget that allows for full cost recovery to the County to provide law enforcement services to Yorba Linda.

9. Please provide any additional comments and/or information you wish to make regarding police service in the City related to the Project.

The level of law enforcement staffing is determined by the Sheriff and the assigned City Chief in collaboration with the City partner. The City is responsible for all costs related to law enforcement services provided by the County.
