NASSCO Floating Dry Dock Replacement and Waterfront Improvement Project

SCH # 2022040595

Mr. Scott Vurbeff
San Diego Unified Port District
3165 Pacific Highway
P.O. Box 120488
San Diego, CA 92101

Dear Mr. Vurbeff:

Thank you for including the California Department of Transportation (Caltrans) in the review process for the NASSCO Floating Dry Dock Replacement project located near Interstate 5 (I-5). The mission of Caltrans is to provide a safe and reliable transportation network that serves all people and respects the environment. The Local Development Review (LDR) Program reviews land use projects and plans to ensure consistency with our mission and state planning priorities.

Caltrans has the following comments:

Traffic Control Plan/Hauling

The California Department of Transportation (Caltrans) has discretionary authority with respect to highways under its jurisdiction and may, upon application and if good cause appears, issue a special permit to operate or move a vehicle or combination of vehicles or special mobile equipment of a size or weight of vehicle or load exceeding the maximum limitations specified in the California Vehicle Code. The Caltrans Transportation Permits Issuance Branch is responsible for the issuance of these special transportation permits for oversize/overweight vehicles on the State Highway network. Additional information is provided online at:

<http://www.dot.ca.gov/trafficops/permits/index.html>

A Traffic Control Plan is to be submitted to Caltrans District 11, including the interchanges at I-5, SR-75, and I-15 at least 30 days prior to the start of any construction. Traffic shall not be unreasonably delayed. The plan shall also outline suggested detours to use during closures, including routes and signage.

Mr. Scott Vurbef
May 5, 2023

Potential impacts to the highway facilities at I-5, SR-75, I-15 and traveling public from the detour, demolition and other construction activities should be discussed and addressed before work begins.

Caltrans Right of Way (R/W)

Any work performed within Caltrans' R/W will require discretionary review and approval by Caltrans and an encroachment permit will be required for any work within the Caltrans' R/W prior to construction.

If you have any questions or concerns, please contact Roger Sanchez, LDR Coordinator, at (619) 987-1043 or by e-mail sent to roger.sanchez-rangel@dot.ca.gov.

Sincerely,

Rogelio Sanchez for
