Present Land Use/Zoning/General Plan Designation:**Agriculture**

Project Description: (please use a separate page if necessary)

The Project proposes to restore the structural integrity of the fender system and upgrade the boat ramps and ferry deck to improve ferry boat accessibility across Cache Slough on State Route 84. The Project would replace the Real McCoy Ferry's deteriorating timber fender system with a new steel pile fender system; replace the boat ramps with new concrete approach slab ramps that would accommodate larger vehicles, including commercial and emergency vehicles, and extend the ferry boat deck to improve vehicle access on and off the ferry.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
