PROJECT TITLE: Parking Lot E Repair at Old Town San Diego SHP
LOCATION: Old Town San Diego State Historic Park
COUNTY: San Diego

DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT: The goal of this project is to make a temporary improvement to Parking Lot E by paving the ~4125 sq ft center driveway section of the unpaved section of the lot in conjunction with routine maintenance of the lot surface. This temporary change will make the parking lot safer for both vehicular and pedestrian traffic, protect archeological resources being exposed, and reduce the accumulation of silt in the OTSDSHP storm drains, impacting its ability to channel water during wet weather. No parking spaces, ADA spaces, or any other aspect of the lot as it exists today, will be affected.

Measures to be implemented to avoid impact may be obtained by submitting a request to the project Environmental Coordinator listed below.
