PUBLIC NOTICE

Pioneer Ave over Lone Tree Creek Bridge Replacement Project Notice of Availability of Initial Study and Notice of Intent to Adopt a Mitigated Negative Declaration

WHAT IS BEING PLANNED?

Stanislaus County, in coordination with the California Department of Transportation, proposes to replace the Pioneer Avenue over Lone Tree Creek Bridge, located approximately 100 ft. south of Frelove Ave. and south of the Town of Valley Home. The existing bridge was built in 1918 and is in need of replacement for improved safety and to meet current road standards. Stanislaus County intends to replace the existing bridge with a new bridge having 10' lanes with 3' shoulders. Construction of the new bridge is anticipated as early as 2024, if funding becomes available. The construction of the new bridge would take approximately eight months with access over the bridge closed for approximately four months. Signage and public outreach would inform the community of the closure and local detour.

WHY THIS PUBLIC NOTICE?

Stanislaus County has studied the effects this project may have on the environment. The studies within the Initial Study with Proposed Mitigated Negative Declaration show it would not significantly affect the quality of the environment. This notice is to advise you that the preparation of this report has been completed and is available for you to review.
