Project Title: App Driveway Culvert Crossing (Streambed Alteration Agreement EPIMS Notification No. PLU-29396-R2)

Project Location: The project is located at an unnamed seasonal stream tributary to the North Fork of the Feather River, in the County of Plumas, State of California; Latitude 39.79398° North, Longitude 120.50378° West, 6063 North Iron Horse Drive, Portola CA, 96122.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement EPIMS Notification Number PLU-29396 -R2, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Timothy App.

The project is limited to placement of two (2) twenty-four (24) inch diameter by twenty (20) foot long plastic pipes (culverts) in a six (6) foot wide seasonal drainage to allow for a vehicle crossing to access a planned family residence. The culverts will be bedded at grade in the streambed and covered with a compacted gravel and road base material. Rock Slope protection will be added to both the upstream and downstream ends of the culverts to minimize the risk of bank erosion/back cutting and downstream scour. All work will be conducted while the seasonal stream is dry.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying out Project: Timothy App

Exempt Status:

Categorical Exemption. Type – Class (4); California Code of Regulations, title 14, sections (15304)

Reasons why project is exempt: Class 4 because the project consists of a minor alteration of land which does not involve the removal of healthy, mature, scenic trees.
