Project Description: (please use a separate page if necessary)

The proposed project consists of the construction and operation of a FedEx Ground distribution facility. The main building would be 250,955 square feet and contains the warehouse facility and the administrative offices with loading docks on the southern and eastern portions of the building. A 3,741 square foot vehicle maintenance building is proposed along the northeastern portion of the project site and would be used to perform basic maintenance on the FedEx ground fleet. Access to the project site would be from two driveways along 30th Street West. The main parking lot is located on the western side of the project site and would provide a total of 486 parking spaces. Van, long trailer and tractor parking would be located on the north and south sides of the main building. Four drainage basins would be located on-site.
