MEMORANDUM

DATE: October 3, 2022
TO: State Clearinghouse
FROM: Liam Crowley, Planner I
SUBJECT: State Clearinghouse Submittal of AP_2022-0002

This memo serves to clarify the status of AP_2022-0002 as it relates to submittal of the project to the State Clearinghouse CEQA Submit portal.

An Initial Study and subsequent Negative Declaration was prepared for the project and submitted to the State Clearinghouse CEQA Submit portal. The local review period began on June 2, 2022 and ended on July 1, 2022. The Notice of Availability and Notice of Intent to adopt the Negative Declaration noted that a public hearing would not be held for the project.

However, during review of the Administrative Permit application after the local review period had ended, it was determined that a public hearing would be required for the project. In addition, minor technical changes were made to the Initial Study and Negative Declaration during review.

As such, the public hearing to be held for the project would mark a new date upon which the Lead Agency intends to adopt the Negative Declaration, and a new Notice of Intent to Adopt and Notice of Availability will be uploaded to the State Clearinghouse CEQA Submit portal.

However, the Negative Declaration will not be recirculated because only minor technical changes have been made that involve clarifying information and insignificant modifications. Nevertheless, the Negative Declaration will be made public as part of the local noticing process for such a project that requires a public hearing. As such, there will be additional opportunity for the public to provide input on the most recent version of the document.
