The California Department of Transportation (Caltrans) proposes to repair the failed slope under and around an 84-inch reinforced concrete pipe culvert outlet apron at post mile 32.2 on eastbound State Route 140 in Mariposa County. Crews will stop further erosion at the site by backfilling the eroded areas and placing rock slope protection with rocks of adequate size at a 39-degree slope.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
