PA-2100031 (ZR), & -32 (SU)/ PA-2100061 (ZR), & -62 (SU) PROJECT DESCRIPTION:

The project proposes to subdivide the three parcels into lots for the purpose of development of single family residences. The portion of the project site on 2706 Pock Lane consists of two parcels designated APN 179-120-13 and -14 with a total acreage of approximately 19.3-acres into 96 R-L (Low Density Residential) lots. The portion of the project site on 3009 Pock Lane, which is approximately 975 feet southwest of the 2706 Pock Lane site, consists of subdividing one parcel designated APN 179-120-11 into 108 R-L (Low Density Residential) lots. These Major Subdivision applications are running concurrently with Zone Reclassification applications to change the zoning designation of the project site from AU-20 (Agriculture Urban Reserve, 20-acre minimum) to R-L (Low Density Residential). The project proposes public water from the California Water Company, public wastewater treatment from the City of Stockton, and public terminal storm drainage served by a new Community Facilities District. The project site is not under a Williamson Act Contract.
