Date Received for filing at OPR: \_\_\_\_\_

## **Attachment to the Notice of Exemption**

**Project Location – Specific:** Within the service area of the Central Coast Water Authority. The Central Coast Water Authority (CCWA) is a public entity organized under a joint exercise of powers agreement dated August 1, 1991, by the cities and special districts responsible for the creation and maintenance of water resources in Santa Barbara County and as such was formed to construct, manage and operate Santa Barbara County's "local facilities" for distribution and treatment of State water. The water transfer will be confined to the existing State Water Project infrastructure.

**Project Location – City:** Within the Santa Barbara County service area of the Central Coast Water Authority

**Project Location – County:** Santa Barbara County.

**Description of Nature, Purpose, and Beneficiaries of Project:** On March 4, 2022, the Board of Directors of the Casitas Municipal Water District approved an agreement offered by the Central Coast Water Authority allowing the transfer of up to 250 Acre Feet of Casitas Municipal Water District's 2022 Table A State Water Project water supply. The purpose of the project is to augment the Central Coast Water Authority's water supplies. The beneficiaries of the project are the Casitas Municipal Water District and the Central Coast Water Authority.

**Name of Person or Agency Carrying out Project:** Casitas Municipal Water District, Central Coast Water Authority, and the California Department of Water Resources.

**Reasons why project is exempt:** The approval by the Casitas Municipal Water District Board of Directors of the term sheet effectuating the transfer of Table A State Water Project supply from the Casitas Municipal Water District to the Central Coast Water Authority is statutorily exempt from substantive CEQA review under State CEQA Guidelines section 15282(u), which exempts temporary changes in the point of diversion, place of use, or purpose of use due to a transfer or exchange of water or water rights. Here, the proposed Project involves the transfer of up to 250 Acre-Feet of Casitas Municipal Water District's 2022 Table A State Water Project water supply. The Project merely changes the place of use, and does not involve construction of any additional facilities to service the Project. As the Project involves a one-year transfer, it also satisfies the definition of "temporary change" pursuant to Water Code section 1728.
