

## NOTICE OF EXEMPTION

---

**To:** Office of Planning & Research  
PO Box 3044, Room 113  
Sacramento, CA 95812-3044

**From:** Mojave Water Agency  
13846 Conference Center Dr.  
Apple Valley, CA 92307

**To:** County of San Bernardino  
Clerk of the Board  
385 N. Arrowhead Ave., 2<sup>nd</sup> Floor  
San Bernardino, CA 92415

**Project Title:** Transfer of State Water Project Water from Mojave Water Agency to Central Coast Water Authority.

**Location -- Specific:** Mojave Water Agency (“MWA”) is a State Water Project (“SWP”) contractor located in San Bernardino County. The Santa Barbara County Flood Control and Water Conservation District (“SBCFCWCD”), on behalf of the Central Coast Water Authority (“CCWA”), is a SWP contractor located in Santa Barbara County. The California Department of Water Resources (“DWR”) is headquartered in Sacramento, California. The SWP includes facilities located throughout the State of California.

**Location -- County:** San Bernardino and Santa Barbara Counties.

**Description of Activity:** MWA and SBCFCWCD, on behalf of CCWA, are SWP Contractors that receive imported water deliveries from the SWP; each has a water supply contract with DWR for water from the SWP. Given the 2022 SWP allocation of only 5%, CCWA is anticipating the need of additional surface water in 2022 to meet its projected demands. MWA has a portion of its State Water Project water available for transfer to CCWA in 2022. Under this agreement, MWA will make available 1,500 AF of its SWP water for transfer to CCWA in 2022. Water will be delivered using existing SWP facilities, and in a manner similar to other deliveries from the SWP.

**Name of Public Agency Approving or Carrying Out Activity:** The agreement for the Water Transfer will be signed by MWA and CCWA and is subject to approval by DWR.

**Exempt Status:** *(check one)*

- Ministerial (Sec. 21080(b)(1); 15268)
- Declared Emergency (Sec. 21080(b)(3); 15269(a))
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
- Categorical Exemption.** CEQA Guidelines Section 15301(b) (Use of Existing Facilities).
- Statutory Exemption.**

**Reasons why activity is exempt:** Because all of the water made available for transfer to CCWA from MWA pursuant to this Water Transfer will be delivered through existing facilities, without the construction of additional facilities to effect such deliveries, the transfer of water described herein constitutes a project that is exempt from CEQA pursuant to Section 15301(b) (Use of Existing Facilities) of the State CEQA Guidelines.

**Lead Agency Contact Person:** Adnan Anabtawi, Imported Water and Engineering Manager  
**Tel :** (760) 946-7059
