Present Land Use/Zoning/General Plan Designation:

Citywide General Plan Update

Project Description: *(please use a separate page if necessary)*

The proposed project consists of a comprehensive update to the City's General Plan, which will serve as a long-term framework for future growth and development. The 2045 General Plan represents the community's view of its future and contains the goals and policies upon which the City Council and Planning Commission will base their land use and resource decisions in the future. To provide a contemporary plan that will guide the community to the year 2045, the General Plan Update will reflect changes in the community, new issues and opportunities as identified from community input, changes in State law, such as reducing greenhouse gas emissions, and new trends, such as autonomous vehicles and the growth of online retail shopping. As part of the alternatives process for the General Plan Update, there are five (5) Areas of Change targeted for change in land use type and development intensity that may result in environmental impacts.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
