**Present Land Use/Zoning/General Plan Designation:**

**Project Description:** (please use a separate page if necessary)

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Notice of Completion, page 2

### Project Description:

...In order to facilitate this land use transition within the AGSP, future development would require the development of up to 260 acres of existing occupied acreage and the conversion of about 209 acres of vacant land to MUBP uses. Also, due to the number of small parcels that exist within the AGSP, future developers and project proponents will have to assemble land parcels in order to fully develop the AGSP. Some of the existing industrial and business park uses within the AGSP Planning Area may be compatible with the future land use designation. However, for impact forecast purposes it will be assumed that all 469 acres designated MUBP will be developed/repurposed. Additionally, the acreage in the Planning Area allocated to right-of-way and Floodway uses are approximately the same under existing and future conditions. Thus, although the existing basic infrastructure facilities will be improved in the future, there will not be a substantial increase in acreage allocated to infrastructure at buildout of the AGSP. The AGSP would, however, require incremental installation of and upgrades to all the utility and roadway infrastructure required to support access and use of the land for MUBP uses.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
