MEMORANDUM

March 13, 2023

From: Myriam Beltran

To: State Clearinghouse

Subj: Airport Gateway Specific Plan Draft PEIR (SCH #2022060349)

The above referenced project was originally posted with the State Clearinghouse on December 12, 2022 (60-day review period) ending February 13, 2023; and has now been extended for an additional 45 days ending April 28, 2023.

I was just made aware that in the original posting of the Draft PEIR, the wrong Traffic Impact Study (Appendix 11a) was posted in Volume 2 (Technical Appendices). We would like to submit the corrected TIS Appendix (optimized) to be posted with the State Clearinghouse.

Do not hesitate to give me a call if you have any questions.

Myriam Beltran
Manager of Planning and Programs
