Project Title: Canon Drive (near 210) Embankment Repair Project (Streambed Alteration Agreement EPIMS Notification No. CCA-20299-R3)

Project Location: The project is located at the South Fork of El Toyonal Creek, a tributary to San Pablo Creek, in the City of Orinda, Contra Costa County, State of California; Latitude 37.88709, Longitude -122.20382.

Project Description: The California Department of Fish and Wildlife has executed Streambed Alteration Agreement EPIMS Notification No. CCA-20299-R3, pursuant to Section 1602 of the Fish and Game Code to the City of Orinda as represented by Scott Christie.

The project is limited to the excavation, regrading, and stabilization of the left creek bank using soil capped rock slope protection. The regraded bank will have a new PVC subdrain buried at its toe. An existing concrete steel pipe will be preserved in place. Both storm drain features will outfall into the creek. All areas of disturbed soil will be stabilized with biodegradable erosion control features and native vegetation.

**Public Agency Approving Project: <u>CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE</u>**

Person or Public Agency Carrying Out Project: Scott Christie, City of Orinda

Exempt Status:

☐ Statutory Exemption.

☒ Categorical Exemption. Type – Class 4; California Code of Regulations, title 14, section 15304

Reasons why project is exempt: The project consists of minor alterations in the condition of land, water, and/or vegetation which does not involve the removal of healthy, mature, scenic trees.
