NOTICE OF AVAILABILITY**

**Draft Environmental Assessment for the Hangar 3 Building Demolition Project**

The National Aeronautics and Space Administration (NASA) has prepared a Draft Environmental Assessment (EA) for the Hangar 3 Building Demolition Project. The proposed action would result in the demolition of Hangar 3 located within the NASA Moffett Federal Airfield (MFA) area at NASA's Ames Research Center (Ames) in Mountain View, California. As described in the Draft EA, implementing the proposed action would result in less than significant impacts to environmental resources.

**Comment Period:** The public is encouraged to review and provide questions or comments about this Draft EA to NASA. In order to be considered comments must be received by or post-marked no later than **July 18, 2022**. Comments can be provided via email at: [arc-nepacommments@mail.nasa.gov](mailto:arc-nepacommments@mail.nasa.gov) or via direct mail to:

Andrés Estrada  
Ames Center NEPA Manager  
NASA Ames Research Center  
Mail Stop 204-15  
Moffett Field CA 94035

**Document Availability:** The Draft EA is available online at: <https://environment.arc.nasa.gov/NEPA.html>. Printed copies are available at the following locations:

City of Mountain View Public Library  
Reference Desk  
585 Franklin Street  
Mountain View CA 94041

City of Sunnyvale Public Library  
665 West Olive Avenue  
Sunnyvale CA 94086

A limited number of copies of the Draft EA (as either printed hard copies or CD) are available on a first request basis, by contacting the NASA Ames Center NEPA Manager at (650) 224-8532 or the e-mail address indicated herein.
