Project Description: (please use a separate page if necessary)

General Development Plan and Combined Development Permit consisting of a Use Permit to allow construction of an approximately 17.3-acre 11 megawatt alternating current solar photovoltaic (PV) facility and associated site improvements, and a Use Permit to allow development on slopes exceeding 25%. The property is located at 66880 Sargents Road, San Ardo (Assessor's Parcel Number 423-081-019-000), South County Area Plan. The project would be comprised of PV solar module blocks, as well as related and supporting facilities, including electrical collection lines, on-site service roads, gates and security fencing, and temporary construction staging areas. The project would support renewable energy initiatives established by the State of California; specifically, to reduce the need for imported power.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
