**Project Description:** (please use a separate page if necessary)

The proposed project consists of a subdivision of approximately 27 acres into 111 single-family residential lots. The lots range from 7,001 square feet to 10,824 square feet. Access to the subdivision would be provided from 5th Street East and Avenue H-8 and all of the streets within the development would be private. A variance for the reduction of lot dimension requirements for 46 lots has also been requested as part of the application. This proposed subdivision would need shorter lot lengths to match those of the neighboring development. This subdivision would complete the remainder of the neighboring development.

*Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.*
