**Re: Native American Consultation, Pursuant to Senate Bill 18, Government Code §65352.3 and §65352.4, Yucaipa Valley Wine Country Specific Plan Project, San Bernardino County**

Dear Mr. Matlock:

Attached is a consultation list of tribes with traditional lands or cultural places located within the boundaries of the above referenced counties.

Government Code § 65352.3 and § 65352.4 require local governments to consult with California Native American tribes identified by the Native American Heritage Commission (NAHC) for the purpose of avoiding, protecting, and/or mitigating impacts to cultural places when creating or amending General Plans, Specific Plans and Community Plans.

The law does not preclude initiating consultation with the tribes that are culturally and traditionally affiliated within your jurisdiction. The NAHC believes that this is the best practice to ensure that tribes are consulted commensurate with the intent of the law.

The NAHC also believes that agencies should also include with their notification letters, information regarding any cultural resources assessment that has been completed on the area of potential effect (APE), such as:

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:
  - A listing of any and all known cultural resources that have already been recorded or are adjacent to the APE, such as known archaeological sites;
  - Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response;
  - Whether the records search indicates a low, moderate or high probability that unrecorded cultural resources are located in the APE; and
  - If a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present.
2. The results of any archaeological inventory survey that was conducted, including:
  - Any report that may contain site forms, site significance, and suggested mitigation measures.

All information regarding site locations, Native American human remains, and associated funerary objects should be in a separate confidential addendum, and not be made available for public disclosure in accordance with Government Code §6254.10.

3. The result of the Sacred Lands File (SLF) check conducted through the Native American Heritage Commission was negative.
4. Any ethnographic studies conducted for any area including all or part of the APE; and
5. Any geotechnical reports regarding all or part of the APE.

Lead agencies should be aware that records maintained by the NAHC and CHRIS are not exhaustive. A tribe may be the only source of information regarding the existence of a tribal cultural resource.

This information will aid tribes in determining whether to request formal consultation. In the event, that they do, having the information beforehand will help to facilitate the consultation process.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we are able to assure that our consultation list remains current.

If you have any questions or need additional information, please contact me at my email address: [Cody.Campagne@nahc.ca.gov](mailto:Cody.Campagne@nahc.ca.gov).

**RE: City of Yucaipa Specific Plan Project Notice, California Public Resource Code Section 21080.3.1, Native American Consultation Request**

Dear Joseph Ontiveros, Cul. Resource Dept.:

The City of Yucaipa is preparing the Yucaipa Valley Wine Country Specific Plan to support the development of a wine region within the City of Yucaipa, and would establish three core land use areas: winery/agricultural district, residential district, and an open space district. The open space district would serve to protect the Wilson Creek channel by maintaining the channel in its natural state to the extent feasible and provide formal trail linkages between the Specific Plan boundary and the City's Five Winds Ranch/El Dorado Park. The existing residential capacity would be consolidated to form new agriculturally-zoned areas that would support vineyard plantings and allow for wineries to be developed that can ultimately process and sell wine from these vineyards. A site plan of the tentative land use is attached for reference.

The City of Yucaipa is notifying local Native American tribes, pursuant to California Public Resource Code Section 21080.3.1 (AB 52), regarding the proposed project. The City recognizes that "Native American tribes traditionally and culturally affiliated with a geographic area may have expertise concerning their tribal cultural resources that may inform the lead agency in its identification and determination of the significance of tribal cultural resources." As such, the City is soliciting input, and, if necessary, consultation with your tribe to identify any potential environmental impacts from the proposed Specific Plan.

If the tribe wishes to consult with the City of Yucaipa about the potential for impacts to occur to tribal or cultural resources, please contact my office in the next 30 days. Apart from cultural resources consultation, please let me know if you would like to be notified of public hearings for the proposed Project.

If you need any additional information or have any questions, please contact me at (909) 797-2489 ext. 261 or via e-mail at [bmattlock@yucaipa.org](mailto:bmattlock@yucaipa.org). Thank you for your assistance.

Dear Andrew Salas, Chairperson:

The City of Yucaipa is preparing the Yucaipa Valley Wine Country Specific Plan to support the development of a wine region within the City of Yucaipa, and would establish three core land use areas: winery/agricultural district, residential district, and an open space district. The open space district would serve to protect the Wilson Creek channel by maintaining the channel in its natural state to the extent feasible and provide formal trail linkages between the Specific Plan boundary and the City's Five Winds Ranch/El Dorado Park. The existing residential capacity would be consolidated to form new agriculturally-zoned areas that would support vineyard plantings and allow for wineries to be developed that can ultimately process and sell wine from these vineyards. Hello Madeline,

Thank you for contacting the Yuhaaviatam of San Manuel Nation (formerly known as the San Manuel Band of Mission Indians) regarding the above referenced project. YSMN appreciates the opportunity to review the project documentation, which was received by our Cultural Resources Management Department on June 16<sup>th</sup> 2022. The project is located within Serrano ancestral territory, and the area for the project is of interest, but Tribe sees no conflicts with the zoning changes at this time. However, when specific projects are planned and implemented, YSMN might have comments and/or request formal consultation with the Lead Agency pursuant to CEQA (as amended, 2015) and CA PRC 21080.3.1.

This communication concludes YSMN's input on this project, at this time, and no additional consultation under SB18 is required. If you should have any further questions with regard to this matter, please do not hesitate to contact me at your convenience, as I will be your Point of Contact (POC) for YSMN with respect to this project.

Respectfully,  
Ryan Nordness

**Re: Consultation Yucaipa Valley Wine Country**

Dear Mr. Matlock:

The Morongo Band of Mission Indians (Tribe/MBMI) Tribal Historic Preservation Office received the City of Yucaipa (City) letter regarding the above referenced project on June 28, 2022. The proposed Yucaipa Valley Wine Country (Project) is located within the ancestral territory and traditional use area of the Cahuilla and Serrano people of the Morongo Band of Mission Indians.

Tribal cultural resources are non-renewable resources and therefore of high importance to the Morongo Tribe, therefore, tribal participation (a.k.a. tribal monitors) is recommended during all ground disturbing activities. We look forward to working with the City to protect these irreplaceable resources out of respect for ancestors of the Morongo people who left them there, and for the people of today and for generations to come.

Projects within this area are potentially sensitive for cultural resources regardless of the presence or absence of remaining surface artifacts and features. Our office requests to initiate government-to-government consultation under Assembly Bill (AB) 52 (California Public Resources Code § 21080.3.1) and requests the following from the lead agency to ensure meaningful consultation:

- Currently proposed Project design and Mass Grading Maps
- A records search conducted at the appropriate California Historical Resources Information System (CHRIS) center with at least a 1.0-mile search radius from the project boundary. If this work has already been done, please furnish copies of the cultural resource documentation (ArcMap Shapefiles, reports and site records) generated through this search so that we can compare and review with our records to begin productive consultation.
- Tribal participation (a.k.a. tribal monitors) during the pedestrian survey and testing, if this fieldwork has not already taken place. In the event that archaeological crews have completed this work, our office requests a copy of the current Phase I study or other cultural assessments (including the cultural resources inventory).
- Shapefiles of the Projects area of effect (APE)
- Geotechnical Report

**This letter does not conclude consultation.** Upon receipt of the requested documents the MBMI THPO may further provide recommendations and/or mitigation measures.

The lead contact for this Project is Bernadette Ann Brierty, Tribal Historic Preservation Officer (THPO). MBMI Cultural Resource Specialist Laura Chatterton, will be assisting the Tribe in the review of this project. Please do not hesitate to contact us at [ABrierty@morongo-nsn.gov](mailto:ABrierty@morongo-nsn.gov), [THPO@morongo-nsn.gov](mailto:THPO@morongo-nsn.gov), [lchatterton@morongo-nsn.gov](mailto:lchatterton@morongo-nsn.gov) or (951) 663-2842, should you have any questions. The Tribe looks forward to meaningful government-to-government consultation with the City of Yucaipa.

Respectfully,

Bernadette Ann Brierty

**Re: Yucaipa Valley Wine Country Specific Plan**

Dear Ms. Madeline Jordan,

The Agua Caliente Band of Cahuilla Indians (ACBCI) appreciates your efforts to include the Tribal Historic Preservation Office (THPO) in the Yucaipa Valley Wine Country Specific Plan project. The project area is not located within the boundaries of the ACBCI Reservation. However, it is within the Tribe's Traditional Use Area. For this reason, the ACBCI THPO requests the following:

- \*A cultural resources inventory of the project area by a qualified archaeologist prior to any development activities in this area.
- \*A copy of the records search with associated survey reports and site records from the information center.
- \*Copies of any cultural resource documentation (report and site records) generated in connection with this project.
- \*The presence of an archaeologist that meets the Secretary of Interior's standards during any ground disturbing activities.
- \*The presence of an approved Cultural Resource Monitor(s) during any ground disturbing activities (including archaeological testing and surveys). Should buried cultural deposits be encountered, the Monitor may request that destructive construction halt and the Monitor shall notify a Qualified Archaeologist (Secretary of the Interior's Standards and Guidelines) to investigate and, if necessary, prepare a mitigation plan for submission to the State Historic Preservation Officer.

Again, the Agua Caliente appreciates your interest in our cultural heritage. If you have questions or require additional information, please call me at (760)883-1327. You may also email me at ACBCI-THPO@aguacaliente.net.

Cordially,
