

# PUBLIC NOTICE/NOTICE OF PREPARATION OF DRAFT ENVIRONMENTAL IMPACT REPORT

**Project:** Laguna Woods General Plan and Zoning Code Update

**Lead Agency:** City of Laguna Woods

**Project Applicant:** City of Laguna Woods

The City of Laguna Woods (City) is preparing a Program Environmental Impact Report (EIR) addressing potential environmental impacts associated with a proposed update to its General Plan and Zoning Code (proposed project). The purpose of this notice is to: (1) serve as a Notice of Preparation (NOP) of an EIR pursuant to the State California Environmental Quality Act (CEQA) Guidelines Section 15082; (2) advise and solicit comments and suggestions regarding the scope and content of the EIR to be prepared for the proposed project; and, (3) provide notice of the public scoping meeting.

**PROJECT DESCRIPTION:** The proposed project would:

- Create the following four new overlay zoning districts that allow housing development:
  - Residential High Density Overlay – would allow 30 to 50 dwelling units per acre
  - Residential Medium Density Overlay – would allow 20 to 30 dwelling units per acre
  - Residential Medium-Low Density Overlay – would allow 15 to 20 dwelling units per acre
  - Residential Low Density Overlay – would allow 8 to 10 dwelling units per acre
 Creation of the new overlay zoning districts also includes the creation of development standards for each.
- Rezone 17 properties (a total of 18 parcels) to allow housing development in addition to the uses already allowed under the existing zoning on those properties. This action would accommodate the City’s 6<sup>th</sup> Cycle Regional Housing Needs Assessment (RHNA) housing needs allocation. The City plans to apply one of the four new overlay zoning districts to each parcel; no change in General Plan land use designation is proposed. See summary table below.
- Change the General Plan land use designation and rezone 12 properties (a total of 14 parcels) to better correlate existing uses with land use designations and zoning. See summary table below.
- Update the City’s General Plan Circulation Element and Noise Element to ensure internal consistency with the City’s General Plan Housing Element, update background and existing condition information, update the identification of priority issues, update goals and policy objectives, and make other changes intended to modernize the documents while also promoting clarity and ease of use.
