

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Imperial County

County

Project Description (Proposed actions, location, and/or consequences).

Under the requirements of state law, every city and county in California must prepare a General Plan, which addresses several topics, one of which is public health and safety. The Imperial County Seismic and Public Safety Element addresses this topic in accordance with state requirements, which are laid out in California law, particularly in Section 65302(g) of the California Government Code. Upon adoption, the proposed 2021 Seismic and Public Safety Element (proposed project) will replace the existing 1997 Seismic and Public Safety Element as Imperial County's (County) guiding policy document on safety and resilience. The Seismic and Public Safety Element is 1 of 10 elements of the County's General Plan.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

no significant impacts are identified in the proposed update to the Seismic and Public Safety Element. Proposes updates are consistent with the Land Use Element and the recently updated Housing Element.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no identified areas of controversy known to the Lead Agency.

Provide a list of the responsible or trustee agencies for the project.
