

MEMORANDUM

To: State Clearinghouse
From: City of Moreno Valley
Date: August 23, 2022
Subject: SCH #2022080422 - Alessandro Walk project - Correction to State Clearinghouse Form

The State Clearinghouse Summary (SCH) form for SCH #2022080422 mistakenly lists three State agencies as responsible or trustee agencies for this project, which suggests the requirement for a 30-day comment period.

However, based on the analysis and technical studies prepared for the Mitigated Negative Declaration for this project, there was no indication that the project qualified under California Code of Regulations (CCR) Section 15205 – Review by State Agencies and/or CCR Section 15206 – Projects of Statewide, Regional, or Areawide Significance.

Therefore, there are no State agencies involved in issuing a permit for this project.

The comment period for the Mitigated Negative Declaration for this project should be 20-days not 30-days, with the comment period beginning on August 19, 2022 and ending on September 8, 2022.
