

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: City of Hercules 6th Cycle (2023-2031) Housing Element

Lead Agency: City of Hercules

Contact Name: Timothy Rood

Email: trood@ci.hercules.ca.us

Phone Number: (510) 799-8244

Project Location: City of Hercules, Contra Costa County

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The City of Hercules 2023-2031 Housing Element applies to all proposed and existing residential and mixed-use zoning districts, as well as to General Plan land use designations that allow residential or mixed-use development within the municipal boundaries of the City of Hercules.

Hercules is located within the West County portion of Contra Costa County, which includes the urbanized shoreline of San Francisco and San Pablo Bays. The City is separated from the remainder of Contra Costa County by the Briones Hills and open space lands. The incorporated City of Pinole is located south of Hercules and the unincorporated community of Rodeo is located north of Hercules.

Major roads and highways that traverse Hercules include portions of Interstate 80 (I-80), State Route 4 [also known as John Muir Parkway (SR 4)], and San Pablo Avenue.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

There were no environmental factors impacted. On the basis of this initial evaluation the proposed project could not have any new and significant effects on the environment that were not previously identified and addressed in the earlier environmental analyses described in Section 3.3, and a Negative Declaration was prepared.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
