Project Description (Proposed actions, location, and/or consequences).

The City is updating the Mobility Element of its General Plan to set a long-term vision for regional mobility. The proposed MEU would provide a long-term blueprint guide for transportation decision making and future mobility improvements. The MEU would also accommodate future growth for all modes of transportation including vehicular travel. In accordance with CEQA Guidelines Section 15124, the primary objective of the Project is to address the mobility needs of the City for all modes of travel and to meet the requirements of State law.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
