 Other: Tribal Cultural Resources

Present Land Use/Zoning/General Plan Designation: The project site contains 14 trees located in clusters in the northern portion of the site, and the site appears to be graded and regularly disked. The site is within the North Sacramento Community Plan Area. The City of Sacramento 2035 General Plan designates the project site as Suburban Neighborhood High Density, and the site is zoned Multi-Unit Dwelling Zone (R-2B).

Project Description: The proposed project would subdivide the 3.7-acre project site into 48 lots, ranging from approximately 1,295 net square feet (sf) to 1,972 net sf, in order to facilitate the development of 48 single-family townhome units. All on-site trees would be removed to accommodate the proposed development. Access to the project site would be provided through two new driveways from Norwood Avenue along the western border of the project site. The proposed project would also include off-site improvements to Norwood Avenue and Main Avenue. The proposed project would require approval of a Tentative Subdivision Map, and Site Plan and Design Review.
