Project Title: Gray's Crossing/ Prosser Lakeview Fuel Reduction

Project Applicant: Gray's Crossing

Project Location - Specific:

Portions of Section 2 T17N R16E- MDM

Project Location - City: Truckee Project Location - County: Nevada

Description of Nature, Purpose and Beneficiaries of Project:

Thinning, chipping, and mastication are the fuels reduction treatments proposed throughout the project area. The prescription includes motor manual thinning of small diameter (less than 10" DBH) conifers and shrubs on approximately 41 acres. Emphasis will be placed on eliminating the continuity of surface and ladder fuels which will aim to reduce future fire severity. Cut materials will be bucked and carried to a tracked chipper then chipped and broadcasted on site. In accessible areas with gentle slopes, a masticator will be utilized for reduction of surface fuel (brush and small trees). No healthy, mature, scenic trees will be removed by this project pursuant to section 15304 of CEQA

Name of Public Agency Approving Project: Truckee Fire Protection District

Name of Person or Agency Carrying Out Project: Gray's Crossing

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
Categorical Exemption. State type and section number: 15304, Class 4- Minor Alterations To Land
Statutory Exemptions. State code number:

Reasons why project is exempt:

The project involves removal of small diameter understory trees and brush species to reduce the vertical and horizontal continuity of forest fuels. The project consists of minor treatments to land and vegetation in the form of hand thinning, chipping, and mastication. The activities do not result in the taking of endangered, rare, or threatened plant or animal species, or sedimentation to surface waters. This project will not convert forestland to non-forest uses, and all treated vegetation will have the ability to grow back. The Truckee Fire Protection District has concluded that no significant environmental impact would occur to aesthetics, agriculture and forestland/timberland, air quality, biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use planning, mineral resources, noise, population and housing, public services, recreation, transportation/traffic, utilities and service systems, or to wildfire. No healthy, mature, scenic trees will be removed by this project pursuant to section 15304 of CEQA.

Lead Agency

Contact Person: Dillon Sheedy- RPF #3175 Area Code/Telephone/Extension: 530-536-8020

If filed by applicant:

- 1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? Yes No
