

NOTICE OF EXEMPTION

TO: County Clerk, County of Contra Costa
555 Escobar Street, Martinez, CA 94553

FROM: Central Contra Costa Sanitary District (Central San)
5019 Imhoff Place, Martinez, CA 94553

PROJECT TITLE: 2022 Fairview & Maltby Pumping Station Upgrades Phase 2A,
District Project 8457

PROJECT LOCATION-SPECIFIC: 2001 Marina Vista and 990 Central Avenue 9(see
Attachment 1)

PROJECT LOCATION-CITY AND COUNTY: Martinez, Contra Costa County

PROJECT DESCRIPTION: This project will replace two existing, wastewater pumping stations with two new 12.4 million gallons per day (MGD) sewage pumping stations and includes, but not limited to, heavy civil, mechanical, electrical, instrumentation, and controls, installation of new PG& E services, demolition and decommissioning of the existing pumping stations.

ENTITY OR PERSON UNDERTAKING PROJECT: Central San

PUBLIC AGENCY: Central San

LEAD AGENCY: Central San

EXEMPT STATUS: CEQA Guidelines Section 15302 and Section 15061(b)(3)

REASONS WHY PROJECT IS EXEMPT: At its September 15, 2022 meeting the Central San Board of Directors independently found that the project was exempt from CEQA under Central San's CEQA Guidelines Section 15302 since it involves replacement of existing public facilities at substantially the same location and with the same purpose as the public facilities being replaced. The project is also exempt under Central San's CEQA Guidelines Section 15061(b)(3), since it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. This certainty is based on Central San's experience with numerous pumping station construction projects of this nature, its long familiarity with the project sites, the results of recent biological and cultural resources technical studies, Central San's impact-limiting construction specifications, and the impact-limiting components of the project description. Central San's specifications are standardized general and special conditions that are made part of the project to address environmental considerations, as well as compliance with applicable federal, state, county, district, municipal and local laws, ordinances, orders, and regulations.
