To Whom It May Concern:

The purpose of this letter is to identify two revisions to the above reference project. Those revisions are shown below:

**Changes to the Initial Study**

Mitigation measures 6 and 7 were changed. The word “wash” was replaced with “depression” to provide consistency with the analysis and biological study.

The NOA/NOI public review dates were changed from October 4, 2022-November 3, 2022 to October 11, 2022- November 10, 2022. The local review period dates shall reflect the new change: October 11, 2022- November 10, 2022
