

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: New number

Project Title: Zone 4 Tank & Pump Station Project

Lead Agency: Tuolumne Utilities District

Contact Name: Cyndi Schlenz

Email: cschlenz@tudwater.com

Phone Number: 209-532-5536 x512

Project Location: Twain Harte

City

Tuolumne

County

Project Description (Proposed actions, location, and/or consequences).

The Project would include the construction of a 400,000-gallon steel storage tank, pump station and associated onsite 6-inch underground water main piping and approximately 1,182 linear feet of 6-inch underground water main piping that would be installed within offsite roadways. The project also includes demolition of the existing 210,000-gallon White Fir Tank and pump station.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Based on the conclusions of the Initial Study and Mitigated Negative Declaration, TUD has made the determination that no significant impacts would result from the proposed Project following implementation of mitigation measures identified in the Initial Study, and a Mitigated Negative Declaration is the appropriate environmental document for compliance with CEQA (California Public Resources Code, Section 21000 et seq.).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No know controversies, replacing an end of life storage tank.

Provide a list of the responsible or trustee agencies for the project.

No other agencies just Tuolumne Utilities District
