### STATE CLEARING HOUSE

11-SD-5

PM 7.9

Rohr/Wohl Bayfront Specific Plan

NOP SCH# 2022100138

Mr. Jeff Steichen  
Associate Planner  
276 4<sup>th</sup> Avenue  
City of Chula Vista, CA 91910

Dear Mr. Steichen:

Thank you for including the California Department of Transportation (Caltrans) in the review process for the proposed development project near Interstate 5 (I-5) and H Street. The mission of Caltrans is to provide a safe and reliable transportation network that serves all people and respects the environment. The Local Development Review (LDR) Program reviews land use projects and plans to ensure consistency with our mission and state planning priorities.

Caltrans has the following comments:

#### **Traffic Analysis**

A Vehicle Miles of Travel (VMT) based Traffic Impact Study (TIS) should be provided for this project. Please use the Governor's Office of Planning and Research Guidance to identify VMT related impacts.<sup>1</sup>

The TIS may also need to identify the proposed project's near-term and long-term safety or operational issues, on or adjacent to any existing or proposed State facilities.

#### **Active Transportation**

Caltrans views all transportation improvements as opportunities to improve safety, access, and mobility for all travelers in California and recognizes bicycle, pedestrian, and transit modes as integral elements of the transportation network.

---

<sup>1</sup> California Governor's Office of Planning and Research (OPR) 2018. "Technical Advisory on Evaluating Transportation Impacts in CEQA." [https://opr.ca.gov/docs/20190122-743\\_Technical\\_Advisory.pdf](https://opr.ca.gov/docs/20190122-743_Technical_Advisory.pdf)

Mr. Jeff Steichen  
November 2, 2022

Caltrans supports improved transit accommodation through the provision of Park and Ride facilities, improved bicycle and pedestrian access and safety improvements, signal prioritization for transit, bus on shoulders, ramp improvements, or other enhancements that promote a complete and integrated transportation network.

Early coordination with Caltrans, in locations that may affect both Caltrans and the City of Chula Vista is strongly encouraged.

**Noise**

The applicant must be informed that in accordance with 23 Code of Federal Regulations (CFR) 772, the Department of Transportation (Caltrans) is not responsible for existing or future traffic noise impacts associated with the existing configuration of I-5.

**Right-of-Way**

Per Business and Profession Code 8771, perpetuation of survey monuments by a licensed land surveyor is required, if they are being destroyed by any construction.

Clearly show/delineate Caltrans easements and Caltrans Right-of-Way (R/W) on future project plans.

Any work performed within Caltrans' Right of Way (R/W) will require discretionary review and approval by Caltrans. As part of the encroachment permit process, the applicant must provide an approved final environmental document, corresponding technical studies, and necessary regulatory and resource agency permits, specifically, any CEQA determinations or exemptions.

If you have any questions or concerns, please contact Roger Sanchez, LDR Coordinator, at (619) 987-1043 or by e-mail sent to [roger.sanchez-rangel@dot.ca.gov](mailto:roger.sanchez-rangel@dot.ca.gov).

Sincerely,

*Maurice A. Eaton*
